

ST. PETER'S CHURCH BAPTISMAL FONT FINDS NEW HOME AT TRINITY†ST. PETER'S

Stored for years in the St. Peter's rectory garage after St. Peter's Church was irreparably damaged by the 1989 earthquake, this beautiful baptismal font was moved to Trinity Church where it has waited in the courtyard for a new home. That time has finally arrived and we are excited to welcome this new addition to our worship space. The cost of trimming the font's large base and anchoring it safely to the sanctuary floor was \$7,900. We invite contributions to the extent that each of us may be moved to provide.
